A Full Day of Fun!

The SMU Summer Youth Program, for students ages 5 through 18, offers weeklong enrichment workshops throughout the summer in the areas of technology, multi-media, writing, art, math, science, literature, gaming, the Internet, study skills and social skills. Active young minds will engage in thinking, solving, building and creating in camps that are designed to inspire tomorrow's leaders and encourage young creativity.

Our extended day option for students entering grades 3-7 is ideal for busy parents who need to bring their kids a little earlier in the morning and/or leave them a little later in the afternoon. The extended day option offers supervised activities and fun.

The morning extended day begins at 7:30 a.m. and ends at 9 a.m. Students must be registered for a 9 a.m. camp session and will be escorted to their classroom. The afternoon extended day begins at 4 p.m. and ends promptly at 5:30 p.m. Students must be registered for a 1-4 p.m. session to enroll in the afternoon extended day. For parents desiring to register for morning and afternoon sessions, a reduced fee is offered. **In order to register for this option, students must be registered in consecutive sessions through the day, as well as the 12-1 p.m. supervised "Lunch Bunch."** Please bring a brown bag lunch each day. No refrigeration or heating of lunches is available.

SMU is proud to present a summer camp for youth in conjunction with the Trinity Trust and in celebration of the October 2011 opening of the Margaret Hunt Hill Bridge.

CAPS

THE CENTER FOR ACADEMIC PROGRESS AND SUCCESS

The Center for Academic Progress and Success (CAPS) is a year-round tutoring resource for children. Our goal is to help children develop stronger academic skills, earn better grades, gain self-confidence, and improve motivation. Whether you want to reinforce what your child has learned this past year, prepare for the next school year, or help get ahead in certain subjects, the CAPS program can tailor a plan just for your child. CAPS offers individualized intensive instruction in reading, math tutoring for proficiency in foundational skills and explicit instruction in writing. Find out how your child can benefit from the CAPS program. An initial consultation, brief assessment and proposed plan are free of charge. Call us today at 214-768-2220.

SMU SUMMER YOUTH PROGRAM

Bridge the gap between spring and fall with weeklong camps in technology, arts, writing, LEGO®, literature, science, math and more!

Future Visionaries Wanted

New for 2011 Two Locations!

"The instructors were young, energetic and seemed to relate well to the young attendees. The course material was fun and stimulated thought. My almost seven year old grandson awakened me at 3 a.m. one morning with a scientific thought after the LEGO® Car Rally: Full Throttle camp ... impressive thought process!" SMU Summer Youth parent.

Registration begins March 19!
