## REAL FOOD ON CAMPUS<sup>SM</sup>

### CLUB DINING ADVANTAGE 2011 - 2012

Faculty Club members have the option to purchase dining access in two block formats: ClubADVANTAGE 10 or ClubADVANTAGE 25. DINING ADVANTAGE is a prepaid dining entry program that allows access to all-you-care-to-eat dining in the campus residential restaurants, RFoC @ Lee or Mac's Place, at substantial savings over the standard door price.

The prepurchased blocks of 10 or 25 dining entries will be added to your ID card and will grant you access into either of the residential restaurants for you and any of your accompanying guests. Each entry will be deducted from the balance in your account as used at a ratio of one access swipe per person per visit. You may use your dining access at any time throughout the day during posted hours of operation. You may add no more than one block of 25 meals onto your card at a time. All access purchased will remain on your card until utilized or until separation from the university in which your ID Card is deactivated. Unused access is non-refundable.

To take advantage of this great offer, simply visit the SMU Dining Services office, located in Room 101\* of the Umphrey Lee Center, and fill out an enrollment form and pay. SMU Dining Services accepts cash, check, Visa or MasterCard.
