

## **ANNETTE CALDWELL SIMMONS SCHOOL OF EDUCATION AND HUMAN DEVELOPMENT**

SMU was founded to serve the most important education needs of our city, region and nation. This vision includes graduating students for successful careers in a variety of fields, such as education, as well as providing educational offerings outside traditional degree programs. As the University enters its second century, it remains committed to this purpose. A significant new gift from Harold C. Simmons and Annette Caldwell Simmons '57 provides permanent resources for the students, faculty, facility and programs of the Annette Caldwell Simmons School of Education and Human Development. Their generosity elevates the school's national profile and strengthens the educational offerings it provides Dallas and the nation.
