

Campus Alert

Sept. 15, 2008

BURGLARY

FRATERNITY HOUSES

Over the past few days, two separate fraternity houses have reported thefts from rooms within the houses. In each case, the rooms were left unlocked while the occupants attended off-campus events.

There are no descriptions of possible suspects. If you have seen any suspicious activity in the vicinity of fraternity houses, located on the east side of campus, please contact SMU police at 214-768-3333.

When you leave your residence:

- Never leave doors or windows unlocked.
- Never disable or circumvent security systems at your residence.
- If a door lock in your house or resident hall is not working properly, contact your House Mother, Resident Assistant or Hall Director to get it fixed.
- If you observe a suspicious or unknown person in or near your residence, call police immediately with as detailed a description as possible. Any delay in calling police makes it more difficult for them to apprehend suspects.
- Never let someone you do not know into your house or resident hall. If they say they are visiting someone, tell them to call that person to escort them.
- Keep serial numbers and descriptions of all valuables in a safe place, this will assist in recovering your items should they be stolen.
