iPad Remote Desktop Setup
(Using Microsoft Remote Desktop)

1. Go to the App Store on the iPad, and Search for Microsoft Remote Desktop

2. Tap "Get" next to the Microsoft Remote Desktop (which is a free app)

3. Once the Microsoft Remote Desktop has been downloaded, locate it on your iPad and tap it to launch setup
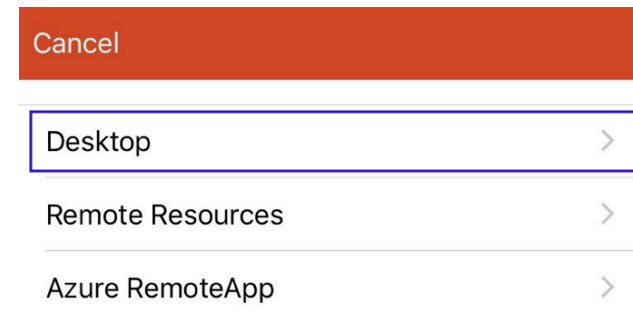

4. Tap the "+" sign once the application is up

It's lonely here.

To get started, add the remote desktop that you want to connect to using this device. You can also add remote resources to work with apps and desktops your administrator has set up for you.

5. Tap Desktop
