To the SMU Student Body:

On behalf of our trustees, faculty, administration and staff, welcome to Southern Methodist University. As a member of our student body, you are part of a dynamic academic community, dedicated to excellence as an institution of higher education.

The success of the university depends very much on your success as a student. While our principal focus is the intellectual development of our students, we are concerned, also, for other dimensions of personal growth.

The Peruna Express, our student handbook, is a key to the many resources of the university and to student life on this campus. I encourage you to become familiar with its contents and, especially, the SMU Student Code included in it.

SMU is pleased to have you as a student. I know your success this year will add a new measure of pride to our university.

With best regards,

L. Donald Shields
President

Dear Fellow Students,

Welcome to campus! I hope that each of you is entering this year with a spirit of enthusiasm and a commitment to excellence both in the classroom and in your contribution to student life at Southern Methodist University.

The 1985-86 school year promises to be exciting. With the construction of a new Student Center, the development of student activities, and the wealth of opportunities on this campus for diverse experiences, there is a vitality and a fervor of challenge and exhilaration. This is a spirit we all share, and in which I hope everyone will participate.

Look around you! The opportunities are everywhere. Whether its your leadership in one of over 130 student organizations, in academic programs, in Greek life, campus events, or just in the way you walk about the campus, be aware and take part in all the wonderful opportunities which await you.

Your student body officers and the Student Senate are here to serve you. We have published the Peruna Express as a service and a reference for you which should last throughout the year. At any time, please feel free to contact us. Our offices are located in the Student Activities Center in the lower level of the Umphrey Lee Student Center.

It is with great pride and anticipation that I welcome you for what promises to be a banner year for SMU students. Let's all make 1985-86 a great year for students and the University community.

Yours very truly,

Student Government

SEE HOW YOU CAN GET INVOLVED

The SMU student body is represented within the university and to the outside community by the Student Senate and its officers. The senate's powers and authority are established in the student body constitution.

The function of the senate is to govern the student body and represent the student body in all university decisions. The university has given the Student Senate the initial responsibility to allocate the student activity fee, adopt and enforce the student code and affiliate all student organizations. The Student Senate also has the responsibility of funding and coordinating the programming and activities of all student groups on campus.

The student government membership consists of approximately 200 students. The opportunities are varied and substantial.

STUDENT SENATE AND STUDENT BODY OFFICERS

The student body officers consist of a president, vice president, secretary, and treasurer. The president, vice president and secretary are elected by a majority vote of the student body. The treasurer is appointed by the president.

The Student Senate consists of 38 senators elected from each school of the university or at large, and the student body officers.

Senators from each school (Arts, Business, Dedman College, Engineering, Law and Theology) are elected on a formula of one senator for every 300 students enrolled in the school. In September, the freshman class elects four freshman representatives.

In addition there are seven at-large senators representing the advisory board to the provost, black students, Mexican—American students, international students and women students. These representatives ensure all students access to student government.

SENATE COMMITTEES

All students are encouraged to apply for one of the fifteen senate committees. The committees are composed of students and student senators who have the responsibility for various areas that affect student life. Any student may apply for committee positions in the student government office during September. All applicants will be interviewed by the Student Senate Screening Committee, and recommendations will be made to the student body president for appointments. The Student Senate has several standing and ad hoc committees including:

APPROPRIATIONS COMMITTEE: allocates more than \$400,000 of the student activity fee to student organizations with senate approval.

CLASS COUNCIL COMMITTEE: coordinates the efforts of all four class councils and provides interaction for the development of ideas strategies for each council.

COMMUNICATIONS COMMITTEE: charge with making the student body aware of the senate and its actions.

ELECTION COMMITTEE: coordinates and runs the student body elections whenever required.

ENDOWMENT COMMITTEE: raises and distributes funds through scholarships.

EXTERNAL AFFAIRS COMMITTEE: liaison between SMU students and the community.

EXECUTIVE COMMITTEE: charged with reviewing the internal control and operations of the senate.

FINANCE COMMITTEE: coordinates with the student body treasurer all financial records of the senate and is in charge of all financial records of the senate and recognized student organizations.

ISSUES AND GRIEVANCES COMMITTEE: offers students an outlet for student complaints and concerns. Grievance forms are available in the student government office.

MUSTANG SPIRIT COMMITTEE: coordinates special projects that promote spirit for the SMU student body especially concerning homecoming activities.

POLLING COMMITTEE: offers SMU Students opportunities to express their views on particular Student Senate legislation or special projects.

SCHOLARSHIP COMMITTEE: responsible for developing, interviewing, and awarding scholarships from Student monies. Additionally, they work in conjunction with the finance committee for the SMU Endowment Foundation to provide strategy for further student scholarships.

SCREENING COMMITTEE: recommends to the student body president qualified individuals for the senate committees.

STUDENT CODE COMMITTEE: revises the student code, upon approval of the senate.

STUDENT HANDBOOK COMMITTEE: coordinates the publication of The Peruna Express, the student handbook.

STUDENT ORGANIZATIONS COMMITTEE: recommends to the senate the recognitions of student organizations and established minimum standard of operation.

Students can also serve on University Committees (Athletics, Commission on the Status of Women). These appointments are made by the student body president, and all interested students should contact the student government office in September regarding these positions. The office is located on the ground floor in the student activity center.

ELECTIONS

Take place in the spring for all positions except for freshman representatives who are elected in the fall of each year.

APPOINTMENTS

All student body appointments are made by the student body president and may include recommendations from the Student Senate Screening Committee and the Student Senate.

SCHOLARSHIPS

In recent years, Student Endowment Fund has grown to the point where the senate can provide scholarships for deserving members of the campus community. Currently, 12 scholarships are available, including four Bobby Leach scholarships for leadership and involvement, the Willis M. Tate scholarship for academic excellence, the Emmett Conrad scholarship for a minority student for leadership and involvement and the Nancy Underwood scholarship for the graduate student who has made significant contributions. I. GENERAL POLICIES

A. ALCOHOL

It is the policy of Southern Methodist University that the possession and consumption of alcoholic beverages in public places on campus is prohibited.

1. The Board of Trustees of Southern Methodist University affirms its conviction that abusive use of alcoholic beverages and the corresponding effects upon persons constitute some of the most serious problems in our nation.

2. In conscience and in recognition of the University's heritage as an institution affiliated with the United Methodist Church, we urge our community members to consider alcoholic beverages with responsibility, prudence, and moderation.

3. As a University community which espouses the value and worth of persons in an environment of free and open inquiry and expression, it is recognized that mature individuals must be free to follow their own conscience regarding the use of alcoholic beverages.

4. All members of the SMU community are expected to maintain self-control and to uphold their dignity and that of the University at all times in all places. Conduct should be consistent with ideals of excellence of mind, healthy bodies, and responsible social behavior, including recognition of the rights of others. Intoxication and alcohol abuse mitigate against the spirit of university and community and will not be tolerated.

The University will initiate disciplinary action when individuals or groups neglect or abdicate this responsibility.

All members of the SMU community should at all times be cognizant of and comply with state and local liquor laws. It is unlawful in the State of Texas for any person under the legal drinking age to possess, purchase, or consume alcoholic beverages except when with either parent or an adult spouse. The University expects that each individual and group within the University community will uphold these laws.

GUIDELINES:

Recognizing that the above policy is broadly stated and that it is not possible to foresee every contingency which would require policy interpretation, the Administration sets forth the following guidelines for implementation:

1. The University upholds the law; it recognizes the seriousness of the problems caused by beverage alcohol, and it stresses the role of conscience and personal responsibility in dealing with those problems. Violation of the law and University policy will be grounds for University disciplinary action. All members of the University community should be aware that "in a dry area, transportation and/or possession of more than 24 twelve-ounce bottles of beer, or more than one quart of hard liquor is prima facie evidence of intent to sell."

2. The University prohibits the possession and consumption of alcoholic beverages on campus, with the exception of individual residential rooms (provided the occupant is of legal age). The Faculty Club and the Alumni Center will continue to operate under their current policies.

3. With the approval of the President or his designee, alcoholic beverages may, on exceptional occasions, be served on University property (including common areas of residence halls, fraternities, or sororities), subject to University guidelines and all applicable laws of the State of Texas and the City of University Park. Such exceptions shall be for the purpose of hosting alumni, parents, or other visitors to campus, and faculty and staff receptions related to special campus or organizational events. Measures must be in place to ensure that underage attendees are not served nor consume alcoholic beverages. The charging of any admission fee or sale of advance tickets to any on-campus activity or event is prohibited if alcohol is being served.

4. Sponsoring organizations may not publicize an off-campus event on campus or make tickets available for sale until the event is formally approved in writing by the Office of Student Activities. There are State laws governing events and philanthropic activities where alcohol is served or sold. Off-campus events must adhere to the following University guidelines:

a. For off-campus events where alcohol is served in a wet area, tickets to the event may be sold on campus only if the alcohol is sold separately at the event.

b. The price of the ticket may not include alcohol if the tickets are sold on campus.

c. Tickets for an event at which alcohol will be distributed free of charge can be sold on campus, provided the event will be held in a wet area. The Dallas Parks and Recreation Department does not permit sales on public property.

d. On-campus advertising of the event may not include reference, in any manner, to the sale or availability of alcohol.

Off-campus event registration material is available from the Associate Director of Student Activities in the Activity Center.

Authorization for these events will be obtained through the appropriate administrative structure as designated by the President of the University, and guidelines for conduct of such exceptional occasions will be determined from time to time as may be deemed appropriate.

The University Judicial System

INTRODUCTION

Responsibility for student discipline is vested in the President by the Board of Trustees. To exercise this responsibility, the President established the University Judicial Council. Upon the recommendation of the University Judicial Council the President has accepted the following document establishing the judicial system for students at SMU.

SECTION ONE

PHILOSOPHY AND PURPOSE

A university is a complex institution. It is distinctive from anything else in society and therefore, the focus of its norms is distinctive. Further, a private university is an elite institution. Admittance and attendance is a privilege granted on the assumption that the applicant shares the university's values and goals and is committed to its purpose. If the student's values and goals are not consistent with those of the university, the privilege of attendance can be terminated.

The judiciary at SMU is a community judicial system established to insure a system of due process to provide protection to the accused individual, and to help induce maturity and learning by enjoining students while enforcing the behavior requirements deemed necessary to an academic institution. It also exists to protect the balance between the rights of the accused and those of the University community as a whole.

Because of the nature of SMU, the emphasis is on learning and behavioral change. For the same reasons, the judiciary is not an adversary system of antagonists striving to beat one another. It is more in the nature of a community seeking to learn if error has occurred and if so, deciding how best to act so in the future there will be less error. Its watchwords are: without ill purpose, considerate in process, appropriate in response.

JUDICIAL CODE

Members of the University Judiciary pledge themselves to the following code:

To insure that the policies of the university are maintained by conducting a fair hearing of violations of rules and policies of the university.

To provide an appropriate response and, as needed, penalize persons found guilty of violations of university regulations and policies.

Members of hearing boards shall maintain an impartiality about the matter and/or person under consideration. When unable to do so they should readily withdraw from the consideration of that matter.

The Hearing Board shall not act as an advocate for the students nor for the university.

Members shall maintain confidentiality of all details pertinent to a matter and all actions related to a hearing. Similarly, they shall refrain from comment on actions or persons involved in a judicial hearing.

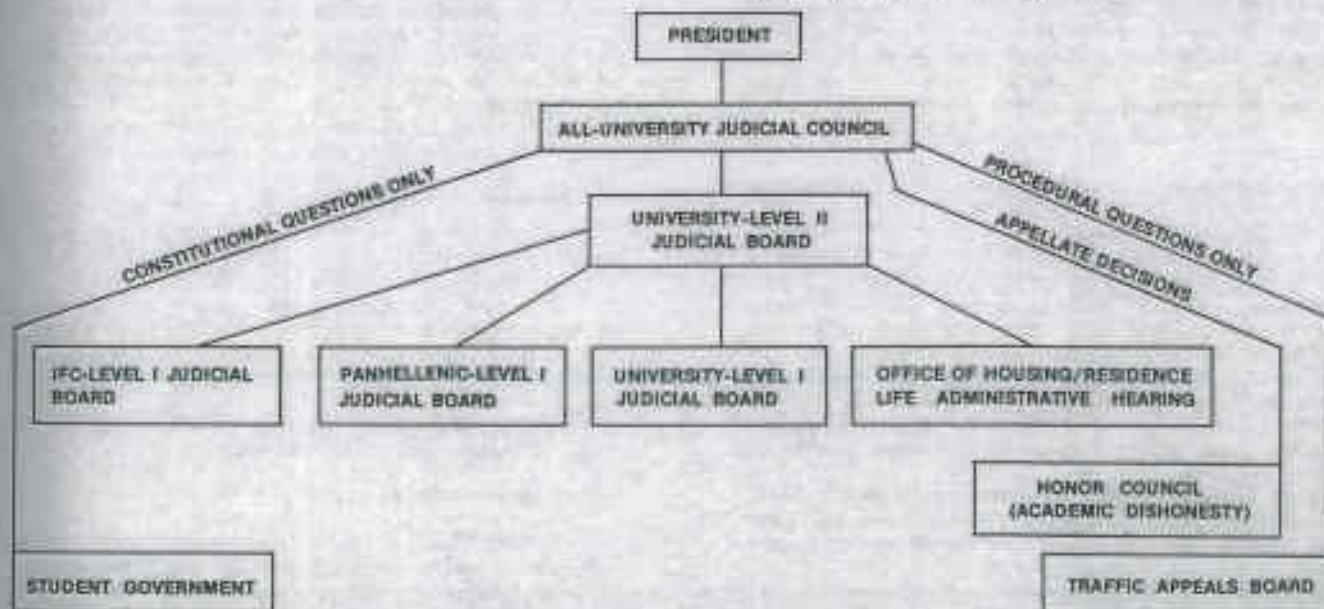

Members who may have been approached by other persons in an attempt to influence a judicial decision shall report such activity to the chair of the Judicial Council and the Dean of Student Life.

Board members who find they are unable to meet the requirements of the judicial system shall inform the judicial officer and submit a letter of resignation to the Judicial Council.

SECTION TWO

OUTLINE OF THE JUDICIAL SYSTEM

These outlines provide a basic overview of the judicial system and a quick guide to the responsibility of the various parts. For an accurate understanding of any part of the system, one must review the pertinent detailed text in the rest of this section.

Student members may, with agreement of the other council members, be appointed to succeed themselves. Students shall be limited to three consecutive one-year terms. Members may not simultaneously serve on any other judicial body or in student government.

Procedure for selection of student members: The chairperson of the University Judicial Council and the Office of Student Life will initiate contact with the Student Senate. The Senate will have seven working days to nominate up to five candidates to be interviewed by the Judicial Council. The Judicial Council will also nominate up to five candidates. The Judicial Council and two representatives from the Student Senate will interview all candidates and send its recommendations to the President of the University. The President will appoint.

(2) Faculty appointments are for three years and shall be staggered, ordinarily one 3-year appointment is made each year.

Selection of faculty members: The chairperson of the Judicial Council and the Office of Student Life will initiate contact with the Faculty Senate. The Faculty Senate will have seven working days to nominate three candidates. The Judicial Council may also nominate candidates. The Judicial Council and two members of the Faculty Senate will interview all candidates and send recommendations to the President of the University. The President will appoint.

(3) Administrator appointments are for three years and shall be staggered, ordinarily one three year appointment is made each year.

Selection of administrator members: The chairperson of the Judicial Council and the Office of Student Life will initiate contact with the Vice President for Student Affairs. The Vice President will nominate three candidates to be interviewed. The Council will send its recommendations, including the nominations from the Vice President for Student Affairs, to the President of the University. The President will appoint.

Replacement of members leaving early will be for the balance of the term.

Faculty and administrator appointments may serve for more than one 3-year term. Terms may not be consecutive. Exceptions to the above may be provided by the President of the University.

THE JUDICIAL COUNCIL HAS FOUR BASIC RESPONSIBILITIES:

1. Administrative Body of the Judiciary: As such, it is responsible for the establishment and maintenance of the judicial hearing boards and the hearing procedures of the judicial system. These decisions are by a majority of members present.

2. Level Three Hearing Board: The members of such a hearing board are drawn from the University Judicial Council. All members (11) may serve at any hearing, but an official quorum must consist of at least seven members which include at least one student, one faculty member, and one administrator.

The board convenes solely as an appeal to hear cases referred from Level II hearing boards, the Traffic Appeals Board, or the Honor Council Board (academic dishonesty). Appeals of cases from Level II will be

reviewed by the University Judicial Council or its designates before an appeal is accepted for a hearing at Level III.

Appeals of Traffic Appeals Board decisions shall be limited to questions on procedure, regulations, or policy. Questions of fact shall be resolved by the Traffic Appeals Board and are not subject to appeal.

3. Student Government Constitution: Constitutional questions concerning the Student Government may be resolved by the Judicial Council. Such questions must be brought as a written petition to the Council for consideration. If the Council agrees to hear the question, it will meet as a Level III Board at which both sides will be represented and a binding decision will be rendered. Petition for such a hearing may originate from any student government officer or senator or by popular referendum.

4. Special Investigative Authority: the University Judicial Council has the power to name a Special Investigative Committee in cases in which an alleged offense presents a highly volatile context; e.g. group tensions, sex discrimination or an inter-racial situation. The powers of the Special Investigative Committee shall be defined at the time of its appointment by the University Judicial Council. Both the students who bring a charge and those accused shall submit to the Vice President for Student Affairs two names of persons within the SMU community, who are not involved in the incident, to serve on the Special Investigative Committee. The office of the Vice President for Student Affairs shall appoint a fifth member to the Committee and shall select one of the five as chairperson. The Special Investigative Committee will act in an advisory capacity to the appropriate judiciary hearing board to which the case is assigned. Any of the parties involved may petition the University Judicial Council for the establishment of a Special Investigative Committee and the Council shall determine its necessity.

SECTION THREE

BASIC PROCEDURES

Delegation of Authority: The Vice President for Student Affairs may delegate any part or all of his authority from time to time, to any person or several persons, wherever in these procedures the Vice President for Student Affairs is designated by the University Judicial Council.

Assignment of Case: If the Vice President for Student Affairs or his designate determines that a rule or regulation has been violated, he shall assign cases to one of the several hearing boards described in section two. As a general policy cases assigned to Level I Boards fit one or more of the following criteria: (1) the alleged offense is of narrow impact and/or first offense, (2) the alleged offense relates to rules established by residence halls or student organizations, or (3) the alleged offense, although major, is appropriate for one of the Level I hearing boards. As a general policy, cases assigned to one of the Level II hearing boards fit one or more of the following criteria: (1) the alleged offense is major, (2) the alleged offense has resulted in a substantial interference with the proceedings of the University, (3) the offenses are unacceptably repeated, or (4) the alleged offense caused an unacceptable infringement upon the personal or property rights of others.

These criteria serve as guidelines and the judgement of the Vice President for Student Affairs is the final determinant as to the University's response to any student behavior. Normally, the following types of offenses will be handled by the criminal court system and will not go through the University judiciary structure: (1) homicides; (2) aggravated robbery and/or

abuse of firearms law; (3) rape cases; (4) aggravated assault; (5) DWI resulting in injury to other persons or property; (6) felony thefts with extenuating circumstances; and (7) major or habitual offenders of the state and/or federal laws pertaining to the use and possession of narcotics, dangerous drugs, and marijuana. In the preceding instances, the University reserves the right to consider these cases at its judiciary as well as referring them to off-campus authorities. Cases of academic dishonesty and traffic citations are assigned to their respective boards of jurisdiction.

It should be noted that the University reserves the right to evaluate the off-campus conduct of its community members and to respond to it appropriately. Such a response can include judicial action. This action does not conflict with prevailing laws concerning double jeopardy.

Notice of Violation: The Vice President for Student Affairs or his designate shall give notice in writing to the student of the complaint against him. Such notice shall contain the particulars with respect to the facts constituting the offense, the time and place of hearing, and the particular hearing board to which the case is assigned. This delay may be waived by the mutual agreement of the accused and the Vice President for Student Affairs or his designate.

Guilty Pleaser: A student may choose to plead guilty to the offense with which he has been charged; in this case, the student may agree on an appropriate punishment with the Vice President for Student Affairs or his designate. All such agreements reached will be reviewed at the end of each semester by the Judicial Council.

Vacation Periods and Emergencies: The Vice President for Student Affairs or his designate may choose to hear a disciplinary problem in an "Administrative Hearing" during vacation periods, or in emergency situations which may arise during the school year. The term "emergency" implies an inability to convene a judicial hearing board within feasible time. Appeal may be taken by the student to Level III of any administrative hearing decision.

Action Pending a Judicial Hearing: If a behavior or activity endangers the safety of the student, a group, or others, the Vice President for Student Affairs or his designate may impose such sanctions as he may deem appropriate pending a judicial hearing.

Violations and Penalties: Violations of the Student Code of Conduct and University policy may be categorized under the following charges and subject to the penalties listed below:

If you violate the terms of the probation, your case will be reviewed, when possible, by the judiciary issuing the penalty. If the original board members are unavailable, or unable to serve, replacement members will be assigned.

CONDUCT OF THE HEARING

Commencement

No hearing shall begin until at least three working days have elapsed exclusive of the day of service of notice on the accused. This period may be waived at the mutual agreement of the accused and the Vice President for Student Affairs or his designate.

Extension Time

The chair of the hearing board to which a matter is assigned may in his/her discretion grant extensions of time as may be reasonably necessary to permit the accused student sufficient time to prepare his/her defense. The chair may also in his/her discretion grant an extension to the complainant so that additional evidence may be made available to the hearing board.

If after the hearing has commenced the hearing board discovers the need for more preparation, the chairperson shall recess the hearing to a later time. The hearing board may then direct any further investigation necessary for its proper disposition of the case.

Inability to obtain witnesses shall not be justification for undue delay in commencing a hearing.

Change in Allegations

Any change in the allegation against a student shall be regarded as a new complaint subject to the process for handling complaints in the first instance.

Quorum-Level One and Two

All members of the hearing board shall be present throughout the hearing. If less than the required number are present at the opening of the hearing, the hearing shall be postponed until a full board can be convened. Should a vacancy occur during the hearing, the hearing shall recess until all members can be present. These requirements may be waived upon agreement of all parties. All members may vote, and all determinations shall be by majority vote. A failure to vote shall be registered as a not guilty vote.

Quorum-Level III Judiciary Board

At least seven members, including at least one student, one faculty member, and one administrator, shall be present throughout the hearing. Only members who have been present throughout the hearing may vote and all determinations shall be by majority vote. A failure to vote shall be treated as a not guilty vote. On the question of guilt or innocence, a tie vote shall be treated as vote to acquit.

Disqualification

Any member of a hearing board, upon considering any challenges from the accused concerning his/her impartiality, may withdraw voluntarily. In such cases, the accused may waive the quorum and the hearing proceed. If the accused chooses not to waive the quorum, the next person in rotation shall serve on that board and the hearing will be rescheduled.

Joinder and Severance

Several students accused of participating in a common offense may be tried together. If a student wishes to be tried separately, he/she should request severance of his/her case during the initial meeting about hearing arrangements with the Office of Student Life. If denied by the Dean, he/she may appeal this decision to the chair of the University Judicial Council for a decision.

OPEN HEARINGS

In the interest of the University community and the assurance of a fair hearing for the accused, all hearings ordinarily shall be open but restricted to current members of the community. Other persons may be present only at the request of the accused or the Office of Student Life (chair shall decide).

Either the accused or the Office of Student Life may request a closed hearing (i.e. limited to participants only) or speak to such a request. After hearing such a request, and the possible comments of the other party, the board in closed session shall decide. The hearing will remain open only if in the board's judgment, the community's need-to-know is greater than the accused's desire for privacy.

REPORTING OF PRECEDINGS

Any publication from within the University (including The Daily Campus and other publications by students) related to a judicial hearing must abide by the following guidelines:

1. No publication of any individual report or summary of activity will carry personal names or other personally identifying details.
2. Nothing will be published about any judicial hearing until the final official disposition or appeal is resolved.
3. Should the accused and/or guilty party (parties) "go public" regarding a hearing, this action will free the University to comment on any such statements and/or the matter being discussed.
4. Summaries of the results of judicial hearings shall be provided periodically by the Office of Student Life.

Right of the Accused to Have Companions-Level I and II

The accused may, at his option, have with him at the hearing two members of his immediate family and a friend. The friend, if selected, must be a student, faculty member or administrator from within the University community. Persons from outside the University may be permitted only with the mutual agreement of the University.

Representation by an Attorney

The accused may not be represented by an attorney at any hearing.

At a Level III hearing, an attorney may be present for advice under the following conditions:

1. The Office of Student Life is to be notified of such intent as soon as the student is informed that an appeal has been granted and the name of the attorney must be filed with the Dean as soon as an attorney has been selected.
2. The attorney must contact the Office of Student Life at least 72 hours prior to the hearing for a review of the procedures and policies of the SMU Judicial System.
3. The Office of Student Life has the option of an attorney present.

Rules of Evidence

Rules of evidence shall be informal, and hearing board shall have discretion with respect to admissibility of testimony and documents. The standard of proof is that a conclusion of guilt shall be sustained by clear and convincing evidence, which is more than a mere preponderance of evidence but less than the strict criminal law standard of proof beyond a reasonable doubt.

Order of Testimony and Documents

The parties shall present to the chair a list of witnesses and documents

prior to the hearing. Ordinarily, the complainants shall proceed first with their case followed by the presentation of the accused.

Presence at the Hearing-Confrontation of Witnesses

The accused shall have the right to be present during the entire hearing and shall have the right to question any witnesses as he/she may choose.

Decorum

The chair shall maintain order for the proper conduct of the hearing. When necessary, the chair may expel disruptive individuals or adjourn the hearing to a later time to assure the full development of the facts in a calm, deliberate setting.

Findings

The hearing board shall conduct its discussions in executive session but shall announce its findings in open hearing. The findings shall be announced as either guilty or not guilty of the alleged offense, and if guilty, the penalty assessed.

SECTION FOUR

RECORDS

The following policies concerning records and the release of information are in compliance with the Family Education Rights and Privacy Act of 1974 (the Buckley Amendment).

The records of hearings shall be prepared by the chair of the hearing board and filed by him/her in the office of the Vice President for Student Affairs. These records shall be available to members of the various hearing boards which constitute the University judicial system and may be made available to bonafide members of the University community upon request.

Records of the Office of Student Life shall contain all information: data, correspondence, findings and records of official action concerning student discipline.

1. A judiciary case will remain on record until erased approximately three years after graduation.
2. If a case originates at Level I and involves a Level I offense, the information will stay within the University community.
3. If a case originates at Level II and involves a Level II offense, the case will remain a part of the student's record until destroyed three years after graduation. This information is used to answer recommendation forms where questions related to disciplinary action are asked.

APPEALS

Level I Hearings

All cases heard by Level I hearing boards may be appealed by the accused to Level II where the matter shall be heard de novo in the same manner as those cases heard in the first instance by the Level II hearing boards. A request for an appeal to a Level II hearing board must be submitted in writing via a "Reason(s) for Appeal" form available in the Office of Student Life. This appeal form must be completed and submitted to that office within 72 hours of the original hearing. The Honor Code of SMU

Intellectual integrity and academic honesty are fundamental to the processes of learning and of evaluating academic performance, and maintaining them is the responsibility of all members of an educational institution.

As well as being fundamental to the processes of education, the incubation of personal standards of honesty and integrity is a goal of education in all the disciplines of the university.

The faculty has the responsibility of encouraging and maintaining an atmosphere of academic honesty by being certain that students are aware of the value of it, that they understand the regulations defining it, and that they know the penalties for departing from it.

The faculty should not only actively encourage student honesty, but should also scrupulously discourage dishonesty, and insofar as is reasonably possible, should assist students in avoiding the temptation to dishonest actions. Such steps as carefully defining the limits set on cooperative assignments are among the ways in which the faculty can help.

Students too, must share the responsibility for creating and maintaining an atmosphere of honesty and integrity. Students should be aware that personal experience in completing assigned work is essential to learning. Permitting others to prepare their work, using published or unpublished summaries as a substitute for studying required materials, or giving unauthorized assistance in the preparation of work to be submitted are directly contrary to the honest process of learning.

Students who are aware that others in a course are cheating or otherwise performing dishonestly have the responsibility either to warn the accused student or to bring an accusation directly to the Honor Council. Further, students must inform the instructor, not necessarily in such terms as to accuse the dishonest, but in order that the instructor may know that he or she has not sufficiently assured an environment of academic honesty and can correct the situation.

Students and faculty must mutually share the knowledge that any dishonest practices permitted will make it more difficult for the honest students to be evaluated and graded fairly, and will damage the integrity of the whole University. Students should recognize that both their own interests, and their integrity as individuals, suffer if they condone dishonesty in others.

The faculty must be aware that permitting dishonesty is not open to personal choice. An instructor who is unwilling to act upon offenses is an accessory with the student offender in degrading the integrity of the University.
