6th Week Checkup

When we were little, we would go to the doctor for check-ups. Not because we were sick, but because it is good to routinely check on our health and stay ahead of any possible troubling issues. It's time for your academic check-up!

It's time for your academic check-up!

✓✗ How did the first round of tests go? Did you make adjustments in your studying based on those results?

✓✗ Have you put your DASS accommodations in place with each instructor?

✓✗ Have you seen a tutor at the A-LEC?

✓✗ Do you have a completed Semester at a Glance on your wall in order to keep an eye on upcoming dates and deadlines?

✓✗ Check in on your mood...do you need to tend to your mental health? There are lots of resources on campus to help with all of these areas mentioned above, and more.

Please feel free to contact DASS for assistance. We're here to point you in the right direction.
