## Finish Strong

Whether this is your first semester to take college final exams or you are a 'veteran', the workshops listed below are very popular and helpful in planning ahead for peak performance on final exams. Your performance on final exams can make the difference between GPA points so putting in extra time – well in advance of the actual final – has proven to be a successful approach for many students.

Workshops at the LEC are on a drop-in basis; no appointment is necessary.

Prepare for Finals The LAST Week	Monday	Dec 2	5 PM & 7 PM
	Tuesday	Dec 3	5 PM & 6 PM
	Wednesday	Dec 4	3 PM & 4 PM

### Great Place to Study for FINALS !

#### Note from Fondren Library Center:

The [entire library](#) and its collections are open 24/7 starting Dec. 1 through Dec. 18. Students are invited to make use of the library's many resources, including computers, databases and wireless connectivity.

### App for Rating Accessible Public Spaces

<http://www.axsmap.com/> is a great website/app where wheelchair users (and others) can rate the accessibility of their local bars, restaurants, and other public spaces. It's like Yelp.com for those with disabilities. Sign up and rate your next outing!

## ADHD is REAL

Our most prestigious medical organizations and research groups confirm that this condition is an undisputed condition that can severely impact children and adults. Only in mainstream media has there been the mistaken notion that this condition doesn't really exist.

Those that have researched this condition for over four decades conclude otherwise.
