## EXTRA MILE AWARD

We still need nominations for faculty members who have shown sensitivity and care to students with learning differences.

Please send your nomination to [alexat@smu.edu](mailto:alexat@smu.edu) with the professor's name and 1-3 sentences about why they are deserving of the Extra Mile Award.

A past recipient said this was the most important award he has received in all his years of teaching-it makes a difference!

**REMINDER: Film Screening – Invitation to Dance**  
3/17/15 5-6:30pm, H-T Ballroom West

## New app for iPhone to read out loud !

Read any page of text aloud from your phone just by taking a picture!

*KNFBReader* allows you to snap a picture of the page from any printed text and it immediately reads it out loud (textbook, menu, brochure, etc.). The app is only for the iPhone, and costs \$99 but the technology advancement is exciting! Let us know if you try this, we'd love to hear feedback.

## Digital Highlighter

Scan words/text with the C-Pen and put it right into a Word document. Then use Kurzweil Reader to listen to the text! <http://www.cpen.com/de>

Talk to a DASS staff person for more suggestions on using technology to read more efficiently.

**We can help!**
